1 LEGAL DISCLAIMER NOTICE

All products, product specifications and data in this document may be subject to change without notice to improve reliability, function or otherwise. Not all products and/or product features may be available in all countries and regions. For legal reasons features may be deleted from products or smartmicro may refuse to offer products. Statements, technical information and recommendations contained herein are believed to be accurate as of the stated date. smartmicro disclaims any and all liability for any errors, inaccuracies or incompleteness contained in this document or in any other disclosure relating to the product.

To the extent permitted by applicable law, smartmicro disclaims (i) any and all liability arising out of the application or use of the product or the data contained herein, (ii) any and all liability of damages exceeding direct damages, including - without limitation - indirect, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of the suitability of the product for particular purposes.

Statements regarding the suitability of products for certain types of applications are based on smartmicro's knowledge of typical requirements that are often placed on smartmicro products in generic/general applications. Statements about the suitability of products for a particular/specific application, however, are not binding. It is the customer's/user's responsibility to validate that the product with the specifications described is suitable for use in the particular/specific application. Parameters and the performance of products may deviate from statements made herein due to particular/specific applications and/or surroundings. Therefore, it is important that the customer/user has thoroughly tested the products and has understood the performance and limitations of the products before installing them for final applications or before their commercialization. Although products are well optimized to be used for the intended applications stated, it must also be understood by the customer/user that the detection probability may not be 100% and that the false alarm rate may not be zero.

The information provided, relates only to the specifically designated product and may not be applicable when the product is used in combination with other materials or in any process not defined herein. All operating parameters, including typical parameters, must be validated for each application by the customer's/user's technical experts. Customers using or selling smartmicro products for use in an application which is not expressly indicated do so at their own risk. This document does not expand or otherwise modify smartmicro's terms and conditions of purchase, including but not being limited to the warranty. Except as expressly indicated in writing by smartmicro, the products are not designed for use in medical, lifesaving or life-sustaining applications or for any other application in which the failure of the product could result in personal injury or death.

No license expressed or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document or by any conduct of smartmicro. Product names and markings noted herein may be trademarks of their respective owners.

Please note that the application of the product may be subject to standards or other regulations that may vary from country to country. smartmicro does not guarantee that the use of products in the applications described herein will comply with such regulations in any country. It is the customer's/user's responsibility to ensure that the use and incorporation of products comply with regulatory requirements of their markets.

If any provision of this disclaimer is, or is found to be, void or unenforceable under applicable law, it will not affect the validity or enforceability of the other provisions of this disclaimer.

A USER INTERFACE INSTRUCTIONS BASE VERSION 1.0.2

A.1 Status Section bootloader_info

Bootloader information

Status Name	bootloader_info_version
Description	Bootloader info status definition minor version. 0: Bootloader info not available
Data Type	u16
Dimensions	None
Access	R

Status Name	project_id
Description	Project identifier
Data Type	u16
Dimensions	None
Access	R

Status Name	customer_id
Description	Customer identifier
Data Type	u16
Dimensions	None
Access	R

Status Name	applet_id
Description	Applet identifier
Data Type	u32
Dimensions	None
Access	R

Status Name	bootloader_version_digits
Description	Number of used digits for bootloader version
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_1
Description	project specific bootloader version, digit 1
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_2
Description	project specific bootloader version, digit 2
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_3
Description	project specific bootloader version, digit 3
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_4
Description	project specific bootloader version, digit 4
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_5
Description	project specific bootloader version, digit 5
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_6
Description	project specific bootloader version, digit 6
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_7
Description	project specific bootloader version, digit 7
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_8
Description	project specific bootloader version, digit 8
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_version_9
Description	project specific bootloader version, digit 9
Data Type	u16
Dimensions	None
Access	R

Status Name	bootloader_build_stage
Description	Build stage project bootloader
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_bootloader_version_major
Description	Baseline bootloader major version
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_bootloader_version_minor
Description	Baseline bootloader minor version
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_bootloader_version_patch
Description	Baseline bootloader patch version
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_bootloader_build_stage
Description	Baseline bootloader build stage
Data Type	u16
Dimensions	None
Access	R

Status Name	bios_version_major
Description	BIOS major version
Data Type	u16
Dimensions	None
Access	R

Status Name	bios_version_minor
Description	BIOS minor version
Data Type	u16
Dimensions	None
Access	R

Status Name	bios_version_patch
Description	BIOS patch version
Data Type	u16
Dimensions	None
Access	R

A.2 Status Section software_info

Software information

Status Name	software_info_version
Description	Status software_info version. 0: Software info not available
Data Type	u16
Dimensions	None
Access	R

Status Name	project_id
Description	Project identifier
Data Type	u16
Dimensions	None
Access	R

Status Name	customer_id
Description	Customer identifier
Data Type	u16
Dimensions	None
Access	R

Status Name	applet_id
Description	Applet identifier
Data Type	u32
Dimensions	None
Access	R

Status Name	software_version_digits
Description	Number of used digits for software version
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_1
Description	project specific software version, digit 1
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_2
Description	project specific software version, digit 2
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_3
Description	project specific software version, digit 3
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_4
Description	project specific software version, digit 4
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_5
Description	project specific software version, digit 5
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_6
Description	project specific software version, digit 6
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_7
Description	project specific software version, digit 7
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_8
Description	project specific software version, digit 8
Data Type	u16
Dimensions	None
Access	R

Status Name	software_version_9
Description	project specific software version, digit 9
Data Type	u16
Dimensions	None
Access	R

Status Name	software_build_stage
Description	Build stage of the project software
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_v_major
Description	Baseline software major version
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_v_minor
Description	Baseline software minor version
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_v_patch
Description	Baseline software patch version
Data Type	u16
Dimensions	None
Access	R

Status Name	baseline_build_stage
Description	Baseline software build stage
Data Type	u16
Dimensions	None
Access	R

Status Name	base_interface_id
Description	Base interface identification number
Data Type	u32
Dimensions	None
Access	R

Status Name	base_interface_v_major
Description	Base interface major version
Data Type	u32
Dimensions	None
Access	R

Status Name	base_interface_v_minor
Description	Base interface minor version
Data Type	u32
Dimensions	None
Access	R

Status Name	user_interface_id
Description	User interface identification number
Data Type	u32
Dimensions	None
Access	R

Status Name	user_interface_v_major
Description	User interface major version
Data Type	u32
Dimensions	None
Access	R

Status Name	user_interface_v_minor
Description	User interface minor version
Data Type	u32
Dimensions	None
Access	R
